The Global Summit will include, but not be limited to:

Startups from around the world will be invited to pitch their ideas and receive valuable feedback from a panel of judges, with the chance to advance to the Global Accelerator Program. This is an incredible opportunity for these student entrepreneurs to gain exposure and receive guidance from experienced professionals in the industry.

These individuals play a crucial role in fostering innovation and entrepreneurship on university/college campuses, and this training will equip them with the skills and knowledge necessary to create successful programs.

All guests attending the summit will have a unique platform for networking and knowledge-sharing with peers, while also giving them the opportunity to exchange ideas and insights with industry leaders and experts.

With a US\$1,000,000 global startup prize as its anchor activity, the Hult Prize Foundation has brought impact-focused programs, events, and training to over a million students globally, creating a pathway for youth everywhere to take action to build a better world. This event is being held in partnership with **Chulalongkorn University**, Thailand's first institution of higher learning, dedicating itself as a center for academic learning and professional excellence.
