Summary

I am a passionate and driven individual with a strong background in web development, graphic design, and software engineering. As a co-founder and team lead at Leetmorph Technology Pvt. Ltd., I strive to innovate and deliver creative solutions that meet client needs. My journey includes hands-on experience in building dynamic websites, designing user-friendly interfaces, and contributing to meaningful projects like the Rotaract Club of Baneshwor. I'm committed to continuous learning and personal growth, aiming to excel in both my technical career and future goals in public service.

Experience

EcoThaili

Team Lead & Developer

February 2024 - Present (8 months)

Kathmandu, Bāgmatī, Nepal

We create biodegradable plastic from banana-derived cellulose, catering to eco-conscious consumers and businesses, with revenue from product sales, custom solutions, and technology licensing.

- Developing biodegradable plastic products from banana cellulose
- Targeting eco-conscious consumers and businesses
- Selling products directly to businesses and retailers
- Offering custom solutions and technology licensing for wider adoption

Code for Change

General Member For Kathmandu Committee

October 2023 - Present (1 year)

Kathmandu, Bāgmatī, Nepal

Playing an integral role in bridging IT students with industry professionals, organizing skill-building events, and shaping a competitive workforce for Nepal's digital future at Code for Change Kathmandu Committee.

- a. Contributed to bridging IT students with professionals.
- b. Organized skill-building events.
- c. Visioned Nepal's largest tech platform.
- d. Engaged in student outreach.
- e. Integral role in shaping a competitive workforce at Code For Change Kathmandu Committee

Hult Prize at Amrit Science Campus

2023 - 2024 Hult Prize OnCampus Program Competitor

November 2023 - February 2024 (4 months)

Kathmandu, Bāgmatī, Nepal

Engaged in the 2023-2024 Hult Prize OnCampus Program, collaborating on "EcoThaili" with a diverse team to devise sustainable solutions for plastic waste management, resulting in enhanced teamwork, critical thinking, and strategic planning skills.

- a. Engaged in the HultPrize OnCampus Program, developing "EcoThaili" for sustainable plastic waste solutions.
- b. Led research, ideation, and business planning, emphasizing environmental and economic balance.
- c. Enhanced teamwork, critical thinking, and social responsibility skills.

Fastblur Productions

Static Web Developer

June 2023 - September 2023 (4 months)

Banepa, Bāgmatī, Nepal

I collaborated with Fastblur Production as a freelance web developer, working closely with Bikash Makaju, the Creative Director and Co-Founder. I developed their website, focusing on aesthetics and usability, enhancing my skills in web development, client collaboration, and project management.

- a. Collaborated with Fastblur Production as a freelance web developer.
- b. Developed a visually appealing and user-friendly website.
- c. Enhanced skills in web development, client collaboration, and project management.

GlobalShala

Innovation Consultant

May 2022 - June 2022 (2 months)

India

During my virtual internship at GlobalShala, I innovated as an AI Innovation Consultant, leading research and problem-solving efforts. I spearheaded the development of an AI face detection system for assessing student engagement and mood during online classes, enhancing teaching effectiveness and student interaction.

- a. Led AI face detection system development for online student engagement assessment.
- b. Provided real-time feedback to teachers for adjusting teaching methods.
- c. Enhanced teaching effectiveness and student interaction in online classes.
